Trex® Fencing – Picture Portfolio

SADDLE

A dark brown Trex fence with vertical slats and square posts. In the foreground, there are two raised garden beds with small trees and shrubs. The ground is covered with mulch and light-colored gravel.

WOODLAND
BROWN

A dark grey Trex fence with vertical slats and square posts. In the foreground, there are several large, rounded shrubs and smaller trees with autumn-colored leaves. The ground is covered with mulch.

A photograph of two town homes with dark grey shingled roofs and light-colored walls. A dark brown vertical-slat fence runs along the front of the properties. In front of the fence is a well-maintained green lawn with some shrubs and a concrete walkway. A teal arrow-shaped graphic points to the right, containing the text 'TOWN HOMES'.

TOWN HOMES

A photograph of a curved concrete walkway in a residential area. The walkway is bordered on both sides by a dark brown vertical-slat fence. The area between the fence and the walkway is grassy with several young trees planted. A teal arrow-shaped graphic points to the right, containing the text 'WALKWAYS'.
